

Nancy Wellmann to Retire from AWCI

It is with mixed emotions that we announce the retirement of long-time AWCI staff member, Nancy Wellmann. Nancy has worked at AWCI for just under 23 years with various job duties. Over that time and in those capacities, Nancy has talked to, written to or personally met literally thousands of AWCI members. Working with you – our members – is truly her favorite part of all her job duties.

Nancy has chosen September 30th as her last day of full-time employment. She will be around on a part-time basis for a few weeks in October to allow us to maintain continuity and delivery of member benefits while we bring a new staff member up to speed.

We are very happy for her that she will be able to spend more time with her husband Brad (also an AWCI member) and her family. We are very sad that we won't have her smiling face, her quick wit and her wonderful personality amongst us every day. We wish all the best for Nancy, and we hope that she doesn't forget the way back to AWCI headquarters for frequent visits!
