Operating Fund	\$ 5,980.51
Educational Fund	\$11,712.26
Total	\$17,692.77

President's Message

Dear Guild Members and Friends,

My odometer is clicking up and the physicians recommended a full service this year. I underwent a procedure yesterday as the final step. They told me they would fix things while they were in there if anything was needed. I read and signed lots of papers. The good news when I woke up was that everything looked real clean and nothing was done or needed. So today I am a happy guy, ... a clean bill of health as they say.

The automotive industry is big on these regular interval service checks for oiling and lubrication, "A Service", and "B Service", typically at 15K mile intervals. Do you recommend this or do it with your timepieces? I wonder how many people do it? 5%? 10%? More often than not, I guess we run things until they stop or break and then take them in or throw them away. Watches and clocks have gotten to the "disposable" device level ... "Ain't worth fixin'". We can see and recognize those pieces that are worth caring for regularly, so where possible, recommend that win-win. "Bring it back in 1 or 2 years", or whenever our "15K mile intervals" are.

I hope to see every one of you on Tuesday, June 26th. I look forward to an awesome mini, live auction, to continue to raise funds for our Guild and live out our mission.

Rob Putney
President, CAWCG

Special Guild Auction This Month:

An auction will be held on 5 to 8 items this month from the CAWCG reserves. The auction will be between the meeting ending and the beginning of the program.

Demagnetizer / Magnetizer, Bronze Bushings in box, Poising tool for watches, Power supply, Brass Cigarette lighter (golf bag), Number Counter, Watch bushings in glass container in original box, and Miscellaneous Watch Box – parts and more.

Please encourage your friends who have interest watches and clocks to be your guest at our meetings.

AWCI Annual Convention - Denver CO

It's High Time for Business

- Continuing Education Courses
- Networking With Peers
- Two-Day Vendor Fair
- Visit Local Sites in Denver

BOOK SIGNING
Archie Perkins, a legend in watchmaking, will be signing his newest AWCI published book: *Antique Watch Restoration - Volume I*.

KEYNOTE SPEAKER
Stephen Forsay of Greubel Forsay grew up in St. Albans, England, where he was inspired by his father's passion for mechanics and engineering. From 1987 to 1992 Forsay specialized in antique clock restoration and became head of Watch Restoration at Asprey's in London. In 1992 he joined Robert Greubel's team, now Audemars Piguet Renaud & Papi SA, developing complicated watch movements.
