

AWCI Membership Committee
Annual Report

Chairman: Terry Kurdzionak
Member: Manuel Yazijian, CMW21
Staff Contact: Thomas Pack

The bulk of the work done by this committee this past year has been monitoring the numbers of all levels of membership, as well as working with the convention committee.

In October of 2008, 2565 members were sent out dues notices. This does not include the Life members or the honorary Life members which total 353. Of the number billed, 1927 have renewed their membership; there have been 85 new members and 66 reinstatements. 54 cancelled their membership and there are 15 reported to be deceased. Of the 54 non-renewals, 95% reported that the dues increase was the reason. The other 5% cited illness, retirement, and other various reasons for non-renewal

As of June 10, 2009, one REC member has not paid and 4 IAB members have not paid. All Affiliate chapters are paid.

The objective of helping Affiliate chapters reach 100% AWCI membership was not realized this year. I believe this to be an ongoing process to be shared with the Affiliate Chapter Chairman.

Respectfully submitted,

Terry Kurdzionak
