

Case Mark Committee 2010 Midyear Report

Chair: Jon Horton, CMW21
Members: Karel Ebenstreit, CMW
Gerald Kincaid
Richard Mazza
Greg Mogle, CW21

The Case Mark committee is ready to unveil the 21st Century version of the Case Mark program and what it means. This has already been voted on at the 2008 annual convention.

All of the work to get this benefit up and running has been completed. All that is left is to pull it together into an HT article and work with the other AWCI committees to expose it and publicize it in general. I see NO cost to AWCI for this plan.
