

## AWCI EDUCATION COMMITTEE MID-YEAR REPORT 2011

**Chairman** – David Douglas

**Members:**

- Manuel Yazijian – Watch Section Head

At the writing of this report, a new chairman was just selected after the retirement of the previous chairman. Manuel Yazijian has been selected as the Watch Section Head. David, with the assistance of the BOD and others is working to find a Clock Section Head.

- The committee is in the process of re-forming after the successful implementation of the Watchmaker CEU's.
- There will be time set aside at the mid-year meeting to discuss the future goals and road map for the watch and clock section.
- It is imperative that we get a Clock Section Head as soon as possible, so that we can make progress and plan out a roadmap for the Clockmakers.
- Selection of the Watch Section members will be occurring in short order. Selection of the Clock Section members will occur once the Clock Section Head is determined.
- At the time of chairman transition, the previous chairman was going to start with the Master's level certifications by trying to set up the following development groups:
  - CMC21(Clocks) with 3 proposed members
  - CMW21(Watches) with 3 proposed members

Sincerely,

David Douglas – Chairman
