

Horological Times Committee

Report for the 2013 Annual Meeting

Harrison, OH September 26, 2013

In accordance with the Constitution, Bylaws & Policy manual the HT Committee has been reviewing articles submitted to the magazine for review. The editorial team has been greatly improved in providing the committee with ALL articles for publication. Quality of articles is up, but quantity is down. As always we struggle to acquire more content for our magazine. Publication dates are moving earlier. October's magazine was sent to the printer on September 19,2013 and will be mailed around Oct 1 arriving in many mailboxes the first week of October. The goal will be to have this magazine in the hands of the majority of members by the first of the month. In order for this to happen the magazine needs to be in the hands of the printer by the 10th of the preceding month. This goal should be reached by the January 2014 issue.
