

AWCI Industry Advisory Board

Annual Report

September 2013

The Industry Advisory Board has met via conference call three times since the last annual meeting held in Denver in August of 2012. We have twenty-five paying members. Of that number, there are six watch companies, six service centers, ten material houses, one clock company, and two in the “other” category. One company makes steamers and the other collects wasted batteries. There were three companies that were given free membership, until 2099. They were JIDA, The American Watch Guild, and the Societe Suisse de Chronometrie. There has been no return communication from any of the three.

There was one member that offered to assist the chairman as a preparation for the chairmanship next year. The members re-elected Terry Kurdzionak as the chairman, and Joel Held (Twin City Supply) as vice-chairman.

It is my intention to review the by-laws and membership structure of the IAB and present a report to the Board of Directors at the mid-year meeting.

Respectfully submitted,

Terry Kurdzionak chairman
