

How Often Would You Participate In AWCI Member Surveys?

1. AWCI is considering sending out web-based surveys that are intended to find out the needs of its members. We don't want to make these lengthy surveys, but we do have several questions we'd like to pose to all members so we can better serve you. This survey only has one question: If AWCI began sending out on-line surveys to all members, how often would you tolerate receiving these surveys?
