

## **2015 Spare Parts Directory Committee Report**

**Committee's Objective: To create an online database of watch companies and display their policy on the distribution of spare parts**

**Committee's accomplishments since it was created in October 2013:**

**-Created an online database that offers information to the general public and extended information beneficial to the watchmaker that logs on, it provides them with the contact information, how to obtain a spare parts account, and more in depth answers of the company's policies**

**-We have concrete answers on the spare parts distribution of 130 companies**

**-Created a mail-in survey, faxable survey, and a guided questionnaire for any AWCI member to call the company and submit the answers**

**-Advertised at JCK**

**Objectives for 2016:**

**-Continue to contact companies**

**-Continue to advertise and spread the word that the directory is on our website**

**-Create a printable version for jewelry stores**
